The books you bought from kobo, Sony, Google Play may be PDF format. Although you're able to read those PDF books on your iPad or iPhone, it's really painful if you have tried that. You have to zoom back and forth all the time. Quite annoying, right? But believe me, you can just free yourself from this trouble by converting PDF to EPUB as EPUB can adjust itself to the size of the screen. So this article will show you how to convert PDF to EPUB Mac. Methods introduced also applies to converting PDF to EPUB Win.

In order to successfully convert PDF to EPUB Mac, the first and essential step is to make your PDF books DRM free. If you have PDF document with password, then you should remove PDF password first. Why? Because DRM and password limits you to do the conversion job. For how to check your PDF book is DRM free or not, you can load your PDF book into Calibre and try to open it with Calibre. If you receive the following info, it means your PDF book is DRM protected.

If you succeed, then it is DRM free.

The following content will cover two parts:

Convert DRM PDF to EPUB Mac

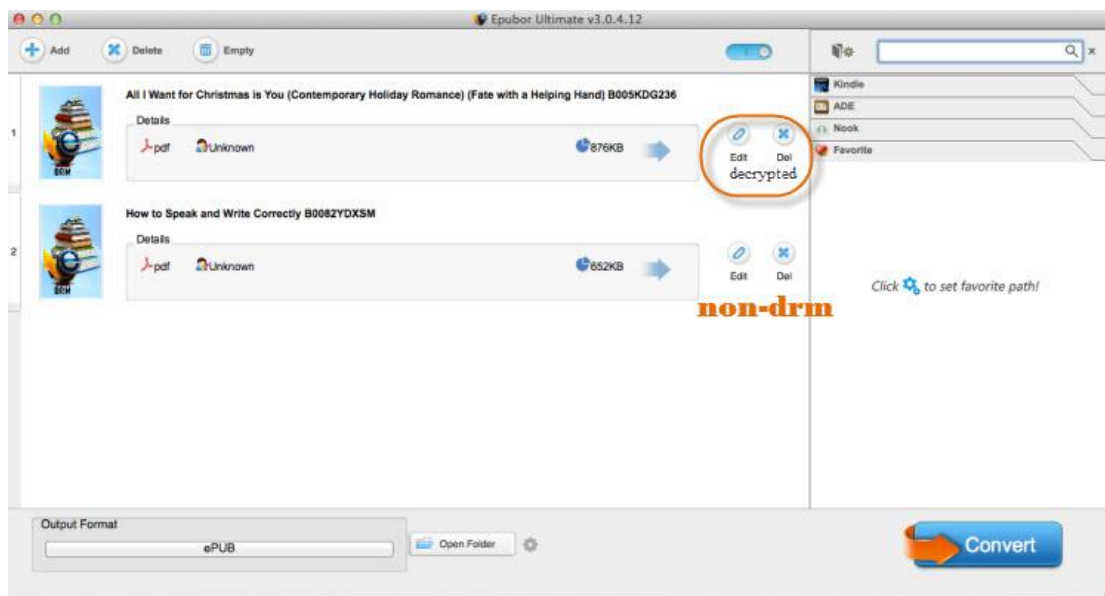

It seems simple to use either Calibre or online converter tool to convert DRM free PDF to EPUB Mac. However, once you found your PDF is DRM locked, then none of them can help you. That's why I will introduce another PDF to EPUB converter Mac here. Maybe you have heard about it before. It's [Epubor Ultimate Converter](#) which provides you the capability to remove DRM from PDF and convert PDF to EPUB Mac. I have a preference for it due to the clean interface, ability to deal with DRM protection, bulk operation and high speeds.

Download Ultimate Converter for free:

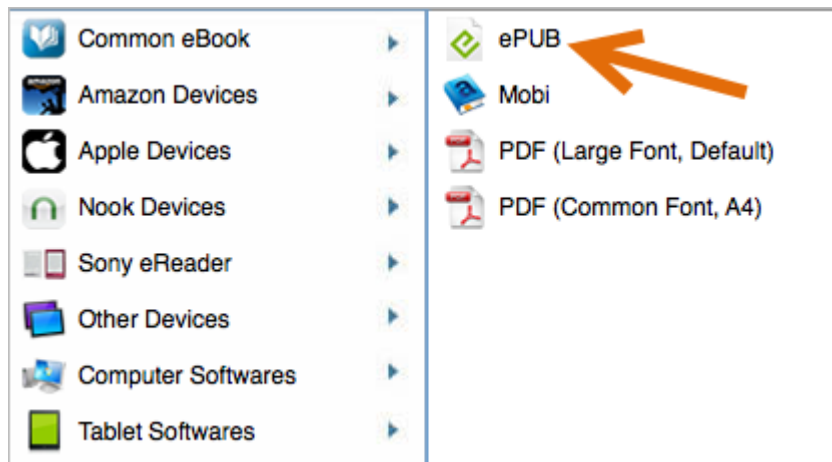

Step 1: Add PDF into the tool and remove DRM from PDF

After downloading and installing this tool, click "Add" button or directly drag and drop your PDF into this tool. The moment your PDF is added into this tool, it will be decrypted automatically. If it shows nothing, it means this PDF is non-DRMed. (**Tips:** Make sure you can read those PDFs in Adobe Digital Editions before removing DRM.)

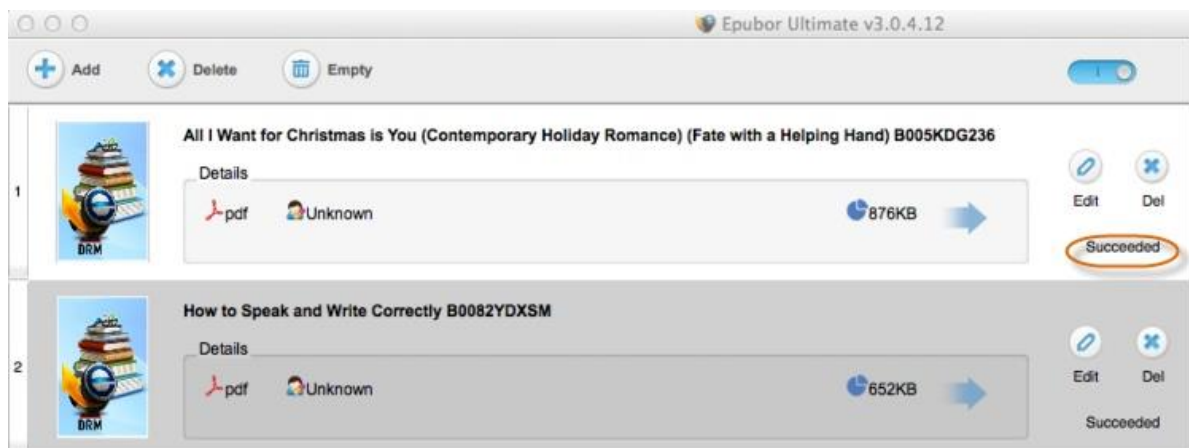

Step 2: Select EPUB as export format

At the bottom left side, choose epub as export format.

Step 3: Convert PDF to EPUB Mac

When the output format is set, hit "Convert" button to start the conversion. Soon your PDF books will be converted to EPUB showing the state of "Succeeded". You can get your converted EPUB files by tagging "Open Folder".

After converting PDF to EPUB Mac, you will enjoy better reading experience on your iPad or iPhone.
